

“Adhesive Materials offer superior strain relief.”

Mold strain relief and grommets

Seal multi-wire connectors

Mold connectors with strain relief

Superior strain relief for modular connectors without mechanical crimping

Seal micro-switches

“Overmolding replaces both the housing and potting in just one operation”

ONE STEP **1** STEP OVERMOLD

Seal large PC boards with external connectors

Encapsulation of sensitive electronics prior to conventional overmolding

Overmold various electronic shapes

Packaging of sensitive high performance electronics

Translating our Customer Wishes into Reality.....

Waterproof Connecting System (WCS)
for marine and industrial applications
M23 and M40 threadings.

Special mechanical applications
and customized adaptors
for interconnect systems.

Adaptors and extensions
for many different
applications.

Color coded adaptors
and connectors for
wiring and connector
solutions.

Customized Solutions in Cable and Interconnect Systems.....

Cable assemblies
for special customer needs.

Standard cable assemblies
M23, M27, M12.

Custom molded
assemblies, also
with private labeling.

Molded M40
motor cables,
also with private labeling
